Go Directly to Support America's Adopt A Soldier® Projects and Programs

It is the desire and goal of America's Adopt A Soldier® to make a difference and better the lives of our Military Family (Guard/Reserve/Active/Retired/Veterans). We have found that most everyone would like to make a difference in the lives of others and we simply do not realize that by giving of our time, skills, talents and resources, we can do just that. By reaching out, together, and informing, educating, enabling and empowering our nation to give back, we can make a significant impact.

WEBSITE

“On behalf of the Soldiers of HHB, 1-113th FA, we would like to extend our deepest and most sincere gratitude. I am humbled with appreciation and filled with great admiration for your support to our troops. The thoughtfulness and generosity that you have expressed to us is nothing short of unbelievable. The care packages were well-received and believe me when I say it is most inspiring to observe a Soldier, when he or she, receives a care package. The immediate awareness that someone out there is motivated and passionate enough to take the time out of their day to select and package these items with such care brings instant smiles and a very real sense of pride.”
